PROFESSIONAL SUMMARY

Banking operations professional with 5+ years of experience at ICICI Bank across operational reporting, MIS, reconciliation, transaction monitoring, process controls and cross-functional initiatives. MBA in Operations Management with strengths in Advanced Excel, Power Query and structured problem-solving. Seeking Business Analyst / Operations Analyst roles focused on data quality, reporting, UAT and process improvement.

CORE SKILLS

Advanced Excel · Power Query · MIS & Reporting · Reconciliation · Data Validation · Process Analysis · UAT Support · Stakeholder Coordination · Banking Operations · Operational Controls

PROFESSIONAL EXPERIENCE

ICICI Bank — Deputy Manager | 2025–Present

• Banking responsibilities with exposure to process execution, performance tracking, customer operations and operational controls.
• Apply structured reporting and follow-up to understand performance and support issue resolution.

ICICI Bank — Senior Officer to Assistant Manager / Deputy Manager | 2021–2025

• Supported banking operations, recurring MIS, reconciliation, transaction monitoring and process controls.
• Used Advanced Excel and Power Query to improve a recurring MIS workflow involving approximately 1.5 million rows; add verified before/after timings where available.
• Supported a GST portal / UPI integration initiative with IT, SDA and Operations, including UAT and operational validation.
• Coordinated with stakeholders to investigate discrepancies and support accurate reporting.

SELECTED PROJECTS

MIS Automation & Optimization: Streamlined recurring data transformation and refresh steps using Excel and Power Query to reduce manual handling and improve repeatability.

GST Portal / UPI Integration UAT: Supported cross-functional validation of an operational payment workflow and acceptance checks.

Reconciliation & Exception Handling: Applied structured validation and mismatch follow-up to support data quality and operational controls.

EDUCATION & CREDENTIALS

MBA, Operations Management — 2024
Bachelor of Arts, Economics — 2019
